## **Marshall Hosts Reusable Launch Vehicle Tech. Expo Feb. 25-26**

Marshall will host a Reusable Launch Vehicle (RLV) Technology Expo, Feb. 25-26 to demonstrate technologies being developed for next generation space travel. Researchers and design engineers from five NASA centers will showcase and discuss each center's capabilities and roles in developing future advanced space transportation systems. Industry, government agency and military representatives are expected to attend. RLV is a Marshall-managed program.

## **High Performance Organizations Seminars Scheduled for Wed.**

Jim Lewandowski, former vice president of Saturn Motors, will present a seminar, "High Performance Organizations," at 9:30 a.m. and 1:30 p.m. Wednesday in Bldg. 4723, Room 118. Each one-hour session will be open on a first-come basis to a maximum of 50 Marshall employees and on-site contractors. During the seminar, Lewandowski will discuss Saturn's successes and how any business or organization can modify corporate culture to achieve similar results.
